

U.S. Fish and Wildlife Serv., Interior

§ 80.14

comprehensive fish and wildlife management plan or grant proposal.

(a) Each application must contain such information as the Regional Director may require to determine if the proposed activities are in accordance with the Acts and the provisions of this part.

(b) The State must submit each application and amendments of scope to the State Clearinghouse as required by Office of Management and Budget (OMB) Circular A-95 and by State Clearinghouse requirements.

(c) Applications must be signed by the director of the State fish and wildlife agency or an official delegated to exercise the authority and responsibilities of the State director in committing the State to participate under the Acts. The director of each State fish and wildlife agency must notify the Regional Director, in writing, of the official(s) authorized to sign the Wildlife and Sport Fish Restoration Program documents, and any changes in such authorizations.

[73 FR 43128, July 24, 2008]

§ 80.12 Cost sharing.

Federal participation is limited to 75 percent of eligible costs incurred in the completion of approved work or the Federal share specified in the grant, whichever is less, except that the non-Federal cost sharing for the Commonwealths of Puerto Rico and the Northern Mariana Islands, the District of Columbia, and the territories of Guam, the U.S. Virgin Islands, and American Samoa must not exceed 25 percent and may be waived at the discretion of the Regional Director.

(a) A minimum Federal participation of 10 percent of the estimated costs is required as a condition of approval.

(b) The non-Federal share of project costs may be in the form of cash or in-kind contributions.

(c) The non-Federal share of project costs may not be derived from other Federal funds, except as authorized by specific legislation.

[≤47 FR 22539, May 25, 1982, as amended at 73 FR 43129, July 24, 2008]

§ 80.13 Substantiality in character and design.

All projects proposed for funding under the Acts must be substantial in character and design. A substantial project (for fish and wildlife purposes) is one which:

(a) Identifies and describes a need within the purposes of the relevant Act to be utilized;

(b) Identifies the objectives to be accomplished based on the stated need;

(c) Utilizes accepted fish and wildlife conservation and management principles, sound design, and appropriate procedures; and

(d) Will yield benefits which are pertinent to the identified need at a level commensurate with project costs.

§ 80.14 Application of Wildlife and Sport Fish Restoration Program funds.

(a) States must apply Wildlife and Sport Fish Restoration Program funds only to activities or purposes approved by the Regional Director. If otherwise applied, such funds must be replaced or the State becomes ineligible to participate.

(b) Real property acquired or constructed with Wildlife and Sport Fish Restoration Program funds must continue to serve the purpose for which acquired or constructed.

(1) When such property passes from management control of the State fish and wildlife agency, the control must be fully restored to the State fish and wildlife agency or the real property must be replaced using non-Federal funds not derived from license revenues. Replacement property must be of equal value at current market prices and with equal benefits as the original property. The State may have up to 3 years from the date of notification by the Regional Director to acquire replacement property before becoming ineligible.

(2) When such property is used for purposes that interfere with the accomplishment of approved purposes, the violating activities must cease and any adverse effects resulting must be remedied.

§ 80.15

(3) When such property is no longer needed or useful for its original purpose, and with prior approval of the Regional Director, the property must be used or disposed of as provided by 43 CFR 12.71 or 43 CFR 12.932.

(c) Wildlife and Sport Fish Restoration Program funds cannot be used for the purpose of producing income. However, income-producing activities incidental to accomplishment of approved purposes are allowable. Income derived from such activities must be accounted for in the project records and disposed of as directed by the Director.

[73 FR 43129, July 24, 2008]

§ 80.15 Allowable costs.

(a) *What are allowable costs?* Allowable costs are costs that are necessary and reasonable for accomplishment of approved project purposes and are in accordance with the cost principles of OMB Circular A-87 (For availability, see 5 CFR 1310.3.).

(b) *What is required to determine the allowability of costs?* Source documents or other records as necessary must support all costs to substantiate the application of funds. Such documentation and records are subject to review by the Service and, if necessary, the Secretary to determine the allowability of costs.

(c) *Are costs allowable if they are incurred prior to the date of the grant?* Costs incurred prior to the effective date of the grant are allowable only when specifically provided for in the grant.

(d) *How are costs allocated in multipurpose projects or facilities?* Projects or facilities designed to include purposes other than those eligible under either the Dingell-Johnson Sport Fish Restoration or Pittman-Robertson Wildlife Restoration Acts must provide for the allocation of costs among the various purposes. The method used to allocate costs must produce an equitable distribution of costs based on the relative uses or benefits provided.

(e) *What is the limit on administrative costs for State central services?* Administrative costs in the form of overhead or indirect costs for State central services outside of the State fish and wildlife agency must be in accord with an approved cost allocation plan and cannot

50 CFR Ch. I (10-1-10 Edition)

exceed in any one fiscal year three per centum of the annual apportionment to that State. Each State has a State Wide Cost Allocation Plan that describes approved allocations of indirect costs to agencies and programs within the State.

(f) *How much money may be obligated for aquatic resource education and outreach and communications?*

(1) Each of the 50 States may spend no more than 15 percent of the annual amount apportioned to it under the provisions of the Dingell-Johnson Sport Fish Restoration Act for an aquatic resource education and outreach and communications program for the purpose of increasing public understanding of the Nation's water resources and associated aquatic life forms.

(2) The Commonwealths of Puerto Rico and the Northern Mariana Islands, the District of Columbia, and the territories of Guam, the U.S. Virgin Islands, and American Samoa are not limited to the 15-percent cap imposed on the 50 States. Each of these entities may spend more for these purposes with the approval of the appropriate Regional Director.

[66 FR 18212, Apr. 6, 2001, as amended at 43129, July 24, 2008]

§ 80.16 Payments.

Payments must be made for the Federal share of allowable costs incurred by the State in accomplishing approved projects.

(a) Requests for payments must be submitted on forms furnished by the Regional director.

(b) Payments must be made only to the office or official designated by the State fish and wildlife agency and authorized under the laws of the State to receive public funds for the State.

(c) All payments are subject to final determination of allowability based on audit. Any overpayments made to the State must be recovered as directed by the Regional Director.

(d) The Regional director may withhold payments pending receipt of all required reports or documentation for the project.

[47 FR 22539, May 25, 1982, as amended at 73 FR 43129, July 24, 2008]
